

The Red Room is licensed for 16 children with 2 Early Childhood Educators and is the smaller of our two programs with a Theme based philosophy.

The red room program runs on a traditional theme-based preschool approach. The red room Educators pick a theme each month and plan curriculum ahead based on specific areas for the children to study and learn while emphasizing both socialization and pre-academic skills. Thematic based learning focuses on the idea that children learn things based on what they already know, linking new information to old. Activities throughout the day such as art, songs, and stories are all based on the monthly theme.

### Daily Schedule

7:30-9:30	Free play
9:30-10:00	Snack
10:00-10:30	Theme related circle- stories, songs, rhymes

2:00-3:00	Theme related art and table activities
3:00	Snack
3:30-5:30	Outside play

*"If another parent were to ask me what I thought of Little Acorn, I would say without hesitation that having our daughter at this childcare centre has been one of the best experiences our family has had during our time in Victoria. It was by chance that we heard about Little Acorn from one of my husband's workmates when we were looking for a daycare and I am so glad we did."*
